Dear Henryk:

I am pleased that you will have more time for peaceful work after June and that prospects accordingly seem excellent for completion of the work on the oysters during 1957.

I had heard rumors that things had not been going as well for you as I would wish. I want you to know that I am one of your loyal supporters and I sincerely hope that things straighten out as you would like them to.

With kind regards, I am as ever

Cordially yours,

Norman D. Newell
