Dear Stenzel:

Cooper being in the field I am answering your letter of June 16. I talked to Drs. Bassler and Reeside about the matter. Bassler did not know, but Reeside said there must be some error because he knows that you are being considered for the G.W. position. This must be one of those misunderstandings somewhere that are hard to explain.

I am hoping that you will be in our group here next Fall in Washington. With very best regards,

Sincerely yours,
Oxford R. Loubich, Jr.
