MAXIMUM PRICES FOR ORANGES

The Minister of Food has made a new order which will supersede the existing order to control all maximum first-hand wholesale and retail prices of South African Rhodesian and Spanish sweet oranges.

The new order will come into force on March 10 next.

The maximum retail price remains at 7 $\frac{1}{2}$ d per lb. for all varieties but changes are made in the first-hand and wholesale price schedules.

The new order provides that oranges may not be bought or sold for manufacturing purposes except under a special licence.
