

WHITE

June 6, 1969

Mr. Ralph W. White  
116 Leo Avenue  
Shreveport, Louisiana 71105

Dear Ralph:

In response to your letter of May 31, 1969, I understand that Dr. Andersen has already sent you all the information we have here on positions that are open. In addition, I suggest that you write to Dr. Nolan McWhirter, Chairman, Geology Department, East Texas State University, Commerce, Texas 75428, and ask whether there is an opening at his university. Mention that you are one of my former students from LSU.

I wish you good luck,

Sincerely,

H. B. Stenzel  
Visiting Professor  
Geology
