

Dear Bill,

If I had foreseen that a permit to Rosen would revive the last Was, I might have been meaner. But I thought for a bit I couldn't find Was'es "~~More about~~ Minoan Taxation" to reconsider, and see what admissions of doubt I would insist upon -- but just now, only one day after your letter came, I did find that copy, much marked up by you, and I will reconsider, and let you know what I can recommend, as soon as I can.

Yours,
