TO CONTRIBUTORS OF ARTICLES FOR THE GUIDEBOOK FOR THE JOINT MEETING OF
THE A.A.P.G. - S.E.P.M. - S.E.G.

Gentlemen:

Dr. Duncan McNaughton, our Editor for the Guidebook of the Joint Meeting of the A.A.P.G. - S.E.P.M. - S.E.G., has asked me to remind you that our date line for the first draft of your paper, for assembling and editing, is December 1st.

Dr. McNaughton, from now on, will be available to help you in preparation of these papers. Feel free to call upon him at any time for consultation on any questions as to type, style, size of inserts, cross-sections, etc.

I would like to add that we have already made all of our road logs and field trips and the first copy of the oil field maps has been submitted and approved. With 59 contributors and authors, this Field Trip Guidebook, we feel, will be an excellent and worthwhile undertaking. It is requested that each of you get your articles in for this guidebook, as soon as possible. Dr. McNaughton, as you know will have a voluminous amount of work to be done from the time he receives the papers until they go to the printers. His phone number is BL-3141, Ext. 2371, Gulf Oil Corp.

Very truly yours,

W. A. Thomas

W. A. Thomas
Chairman Field Trips Committee

Dec. 1st. or as soon thereafter.

W.A.T.
