

THE INSTITUTE FOR ADVANCED STUDY

PRINCETON, NEW JERSEY

March 21st 1953

Dear Bennett,

Very many thanks for your letter with the samples which came this morning. I will pass them on to Dr. Eisenhart so that he can consult the printer. There was to be a meeting of the publication committee yesterday in Philadelphia but I have not heard the result. I will let you know any developments.

We shall arrive in New Haven on Sunday April 5th at 3-32 p.m. Professor

Lyghtt says he will meet us and that
he has reserved a great room in
Saybrook for us. I hope you and
I will have time for a conference.
If I do not send your M.S. to you
beforehand I shall bring it and
other material with me, so that we
shall ^{have} all we need for our discussion.
We shall go on to Boston in the
morning of April 7th.

Best wishes

Yours sincerely
Alan Wace
