My dear Mr. Stenzel,

Among the effects of my late sister, Augusta H. Kemp, I found your letter of Mar. 5, 1963; I feel sure that she had not answered it for she passed away in July 1963 (heart). I am sorry I cannot help you out on the oysters.

Before her death she gave her fossils and her professional books to the Bureau of Economic Geology, Univ. of Texas; since her death I have given her shell collection to the Museum at Texas Tech. College, Lubbock. They might be able to help you with oysters.

Texas Tech. also has the Southwestern Collection, Roy Sylvan Dunn, director, for Archives about people who have influenced the Southwest; they want records, letters, etc. about Mrs. Kemp and her husband, John F. Kemp. Would you like to write a letter about either or both of them, telling anything you wish- personal relations or professional; their work in education or in the community? Please send me copies of your letters

Do you know Wayland G. Gilliam at 2102 Woodvine Drive, Houston, Tex.? He was a student of the Kemps in Seymour High School. I have asked him to write about them, but have not heard that he has done so. Please phone and remind him. The following is for both of you to know:

Among Mrs. Kemp's effects I found boxes of her non-professional writings- poems and stories for adults and children; essays; epigrams; memoirs; and even two pieces of music. I want to have them published (about 150PP.) In order to have some idea how many copies to tell the publisher I am asking people who want to buy copies to let me know beforehand; the price will depend on the number of copies ordered. If you or Mr. Gilliam, or other friends want copies, please let me know as soon as possible.

Mr. Kemp has a nephew, Edwin Kemp Martin, who is with the C&I Life in Houston, and lives in Bellaire. Do you know him? He is a fine fellow. If you care to, phone him and tell him Hello for me.

With thanks for your kindness, best wishes and kind regards, I am

Very truly yours,
Clara W. Hasslock
