Professor Harold E. Vokes
c/o Geology Department

Dear Harold:

I have had a lot of work this summer. My house in Houston has been sold and all my furniture and belongings moved to Baton Rouge. All this resulted in great confusion. I probably overlooked to thank you for the copy of your Genera of the Bivalvia.

You have done us all a great service by this compilation, and, needless to say, the booklet is going to be very useful to many workers. Please accept my thanks for this work.

Sincerely yours,

H. B. Stenzel
