Henryk Stenzel
Dear Professor:

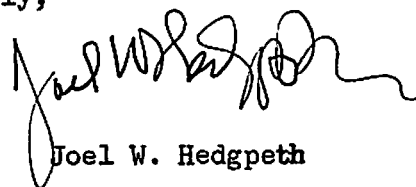

Sorry to hear about your indisposition, but also glad to hear of the favorable prognosis.

You have left your address on the galley as simply Houston, Texas. Can you let me know by post card as soon as possible after June 1 what address or affiliation you would like on this?

If this street address, is it street, ave, road or what?

I will soon be moving myself (right in the middle of all this proofing!) I m to be director and big cheese of a nice little laboratory north of San Francisco- Pacific Marine Station, Dillon Beach, Marin County. That is not officially until September 1 although I will also be there from June 15 to July 20. We will be happy to have you visit our station--there is much there to interest an alert paleontologist.

Sincerely,

Joel W. Hedgpeth
