

AGRICULTURAL AND MECHANICAL COLLEGE OF TEXAS  
COLLEGE STATION, TEXAS

Feb. 18. 30.

DEPARTMENT OF GEOLOGY

Mr. E. L. Floyd  
Navasota, Texas

Dear Sir,

This department is arranging a student field trip to Navasota. About 20 students are interested in the geologic features around Navasota. They are especially interested in those places where Dr. M. Francis has been collecting fossil bones.

Those places are on your land. The Geology Dpt. therefore asks for the favor of your kind permission to enter that property. Of course we will see that there is no damage done.

I would very much appreciate your kind cooperation in this matter and remain,

Very truly yours

*H. B. Stenzel*

College Station, Texas*

*Dear Sir:*

*It will be OK to bring your class  
on my property.*

*Very Sincerely  
J. M. Floyd*
