Dear Dr. Stenzel:

Thank you very much for your letter of April 20. It was very helpful in the absence of any field records about the occurrence. Joe Gregory is a good friend of mine and I shall be seeing him in about a month. I will see if he took any pictures of the excavation. I have recently had a talk with Clyde Ikins who supplied details about the discovery. We will now go ahead with preparation of our guide booklet and I hope it will not contain too many errors.

I am enclosing some pictures of the mosasaur as it now appears in the Texas Memorial Museum. Thank you again for your assistance.

Sincerely yours,

Wann Langston, Jr.  
Vertebrate Paleontologist
