

THE GEOLOGICAL SOCIETY OF AMERICA
419 WEST 117TH STREET
NEW YORK 27, N. Y.

Dr. H. B. Stenzel
Bureau of Economic Geology
The University of Texas
Austin 12, Texas.

July 31, 1947

Dear Doctor Stenzel:

Our periodical check on projects indicates that no progress report has been received in the case of your grant from the Geological Society since April 1946. We are anxious to have annual reports, as provided in the agreement, and hope you will furnish statement of the present status of the research, with an indication of the approximate date of filing the manuscript.

Very sincerely yours,

H. R. Aldrich,
Secretary
