Dear Dr. Stenzel:

Thank you very much for sending me your affidavit for my parents and my brother-in-law and his family. I hope that as a supplementary affidavit it will contribute to convincing the Consul that my folks will not become a public charge after their immigration, and help them to get the visa. Unfortunately, it will take at least two years before the visa can be granted due to the fact that the quotas are filled in advance for that time.

With my deepest appreciation of your kind help,
I am,

Sincerely yours,

Walter Schaefer.
