

Dear Dr. Stenzel:

Have you learned of the death of Dr. Julia Gardner? She passed away on Nov. 15, after a long, long illness. She had no living relatives.

I read with much regret of, in the last number of the A.A.P.G. Bulletin, of the sudden death of Dr. Lonsdale.

We send our best wishes for a Merry Christmas and a happy and prosperous New Year.

Sincerely,

*Elsie and Lloyd Stephenson*
