Dear Prof. Bennett,  
 I finished the training, passed the test, I begin to work officially on Mon. The 4th in Strasbourg. Unofficially I have already started and so far so good. After Strasbourg, there is Luxembourg, Brussels, Hamburg and back to Brussels till the end of May. Exciting, but tough. We'll see how I make out and whether I can cut the mustard. Will write with my new address in Brussels. My best to Laurette.
