Tulsa, Okla.

Dear Mr. Denison:

Thank you very much for your recent letter offering the editorship of the A.A.P.G. bulletin. I have had a chance now to talk this proposition over with Dr. Lonsdale, who pointed out that this editorship would require too much time from my regular duties at the Bureau here. It is clear that I cannot accept the editorship without much time off from the Bureau, so I must decline it with regret.

With best regards,

Sincerely yours,

H. B. STENZEL
Geologist
