Comments: The program is a conference off-campus with little  
other benefit directly on-campus. The performance and appearance  
of the team at the competition may assist in increasing UT's  
name, but the Law School already ranks well nationally.  
This program doesn't need SA assistance, just our money.

The University of Texas Mock Trial Association

UTMA is an organization dedicated to providing undergraduate students the opportunity to experience trial law first hand. We have a fine reputation as a mock trial team and are proud to include amongst us a diverse representation of the student body. UTMA, over the past few years, has consistently qualified for national competition yet has been unable to attend due to lack of funding. We are appealing to the Student Association for funds so that we may be able to compete at the national level and realize our full potential. Without your help, this will be an impossibility. More importantly, attendance and subsequent success in a national competition will only serve to publicize the University of Texas as an institution prepared to make the commitments necessary for students planning on attending law school. The University of Texas, because it does not currently have a Pre-Law program, loses many fine students each year to neighboring schools that offer such programs. With this in mind, it becomes imperative that the UTMA be successful in its endeavors thereby offering national exposure to our University. Once again, all this can not occur without your help. On behalf of the University of Texas Mock Trial Association I thank you for your time and consideration and we all look forward to a successful year.
