Professor George E. Mylonas
Washington University
St. Louis
Missouri

Dear Professor Mylonas,

We are very much in need of your article in the
for 1932 which discusses the chronology of Macedonia. I suppose
there is no possibility of your having a reprint of this? If you
have, we should be extremely grateful if you could send us one.
If not, have you a copy that you could lend us for a couple of weeks?
We should appreciate it very much.

Your beautiful Mycenaean head is coming out in the next
number of the Journal, you may be glad to know.

With kind regards,

Very sincerely yours,
