

October 14, 1948

Dr. Marvin Weller
University of Chicago
Chicago, Illinois

Dear Marvin:

I have a few changes to make in the manuscript which I sent to you recently (Nomenclatorial synopsis of supraspecific groups of the family Ostreidae). Miss Myra Keen read a copy of this manuscript and suggested some changes; also, I ran into some more pertinent literature. So if you can send the manuscript back to me, I shall be able to insert these changes.

I hope teaching is not too hectic at Chicago these days.

Best regards.

Sincerely,

H. B. STENZEL
Geologist
