

829 W Grand, Pt Washington Wis  
June 18.

Dr H. B. Stenzel,  
Austin, Texas.

Dear Sir: I found your name in "The American Malacological Union", and I am wanting some *Area chemnitzii* and I think possibly you might be able to tell me of a shell shop where I might get them. Those I have were found in northern Texas but they are single valves and I would like pairs.

I am enclosing a self addressed card for your convenience and would greatly appreciate a reply.

Respy

Mrs. Agnes E Wolf.
