

UT's Ultimate Summer Reading Guide 2017

Posted on **July 26, 2017** by **Jessica Sinn**

It's that time of year again! The literary listing for the Freshman Reading Round-Up has arrived. Every year UT faculty members handpick books for the campus-wide summer book club that connects new students with outstanding faculty and fellow Longhorns.

"A mind needs books as a sword needs a whetstone to keep its edge," proclaims Tyrion Lannister in the bestselling book series turned hit TV series "Game of Thrones."

The **2017 Freshman Reading Round-Up** is a celebration of knowledge for knowledge's sake. You need to be a freshman to join the event, but you don't have to be a student to enjoy the books. Whether you're looking to sharpen your mind or just escape into a story for a while, the titles listed in the **reading guide** are a good bet.
