Houston, Texas 77025

Dear Dr. Stenzel:

I am researching a book on oysters, part of which will be devoted to the biological research that has been and is being done on them. In Galtsoff's "American Oyster" I found an incomplete reference to a publication of yours on oyster paleontology.

I think that reference to your work properly belongs in my book, and I would appreciate it if you could send me a complete reference -- or reprint, if you have one to spare. I will, of course, ask you to check anything I may write about your work for technical accuracy.

Sincerely yours,

James Singer
