Professor F. J. Pettijohn  
Geology Department  
Johns Hopkins University  
Baltimore, Maryland 21218

Dear Dr. Pettijohn:

Here is my contribution to the Ernst Cloos celebration. It almost did not get written because I was very sick recently and am on a slow recovery.

I am glad your department is doing this.

Best wishes  
Sincerely,

H. B. Stenzel  
Visiting Professor
