Dear Dr. Stenzel:

If you happen to have an extra reprint of your paper, Successional Speciation In Paleontology: The Case of The Oysters of the Sellaeformis Stock, I would like very much to have a copy. It would be very useful in my work. Of course, we have a library copy, and I don't want you to bother if you are limited in your supply of reprints.

Thanking you, and with very best wishes,

Sincerely,

Winnie McGlamery
