Mr. J. L. Staed,  
123 Rue Clovis  
Rheims, Marne, France

Dear Mr. Staed:

I am in receipt of the package you sent recently,  
and thank you very much for the interesting specimens. I was  
very lucky that the Customs officers handled the material fairly  
gently, which is quite contrary to their usual custom.

Very sincerely yours,

H. B. Stenzel, Geologist
