FRANK C. FOLEY  
State Geologist and Director

WILLIAM W. HAMBLETON  
Assoc. State Geologist and Assoc. Director

December 14, 1962

Dr. H.B. Stenzel  
3737 Bellaire Boulevard  
P.O. Box 481  
Houston 1, Texas

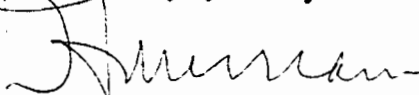

Dear Dr. Stenzel:

I hope you have received the Cretaceous material sent to you a week or so ago, and that it will be of some use to you in your studies. As we are in the field and have opportunity to collect additional material, I will see that it is forwarded to you.

Some time in the future, if possible, I would like to suggest that you prepare a paper on your studies of the Kansas material and other deemed necessary for publication in our Report of Studies series. If you have any material which you think be appropriate for publication by the Kansas Survey, please let me know.

Anything else we can do to help you here, please let us know.

Sincerely yours,

Daniel F. Merriam  
Geologist
