Mr. W. T. Watkins
5524 Victor
Dallas, Texas

Dear Mr. Watkins:

Please accept my thanks for the many courtesies which you have extended to me recently. I am very happy to have the material which you have turned over to me. I have spent the last week preparing it. Some of the material has yielded very fine specimens, but it has been a very hard job. I am now describing the material for publication.

Enclosed is a list of localities at which fossil Crustaceans have been found. You might want to check some of these localities in the future. I certainly would be glad to obtain additional material.

I had the Bureau send you a complimentary copy of the "Handbook of Cretaceous Fossils" which I hope you will find useful. I am also sending you by separate mail two of my fossil crab papers.

Sincerely yours,

H. B. Stenzel, Geologist
