Dear Dr. Cullison:

Your letter of January 16, 1956, has remained unanswered for too long. I have very good excuses; this place is being re-organized and needs a lot of attention, so it is not always possible to get to the bottom of the stack of letters. Please accept my apologies, they are in order.

Ray Artusy took part in some classes here and was on the summer field work in east Texas. He is keen person and has a very good intellect. He is quick to pick up ideas. I understand his ostracode work at L. S. U. was excellent. He has a very wide experience in all kinds of things and knows many people. He is very enterprising and energetic.

On the other hand he has always been very restless and shifted about very much. He may now be old enough to settle down and stay put. That he wishes to leave T. C. U. I cannot blame him for.

Whether his married life is a happy one, I do not know. His wife is a charming and quiet person, very nice. She came to class when he had to be absent to go to L. S. U. for exams. That's a good bit of cooperation on her part and she did it quietly and effectively. Impressed me a good lot.

Very truly yours,

H. B. Stenzel  
Chairman
