Dear Prof. Stenzel

The last morning I spend in Houston it was my intention to visit you and say good-bye.

But, something strange happened to me then my luggage fell apart and after long time trying to bring it in order it was necessary to go out and buy a new one and bring all once more in order.

And I just could take my slides on Barber's office and see not to loose my plain and I was terribly sorry that I could not thank you personally for all your kind attention.

In the main time I will try to get your notes from Southern Brazil.

With my best thanks and regards

Faithfully yours

Jerry Allen
