Dear Mr. Grimes:

Your letter of February 13, 1961 was received some time ago, but I had postponed answering it because I thought I would have occasion to see you in Crockett. I passed through Crockett yesterday, but my stay was so short that I could not get in touch with you.

About that huge rock boulder you mention in your letter, the location you give is not close enough for me to recognize what it might be. Perhaps we could go out to the place next time I am in Crockett. I shall be glad to cooperate with you on behalf of tourist information and hope you are aware of the many interesting points of historical and natural interest in your county.

Very truly yours,

H. B. Stenzel
