Dr. H. B. Stenzel,
Bureau of Economic Geology,
University of Texas,
Austin, Texas.

Dear Stenzel:

Some time ago when you were at
A. & M. College I obtained some sample bottles
from you for fossil collections. Will you
please advise me where you obtained these.
They were about 4" long and 3/4" in diameter
as I recall.

An early reply would be appreciated.

Very truly yours,

B. Coleman Renick
