

AGRICULTURAL AND MECHANICAL COLLEGE OF TEXAS

COLLEGE STATION, TEXAS

DEPARTMENT OF GEOLOGY

Sept. 20, 1935

Dr. H. B. Stenzel  
Bureau of Economic Geology  
University of Texas  
Austin, Texas

Dear Stenzel:

I, of course, ran away from Austin without getting a tracing of the faulted portion of Renick's map dealing with the area to the south of here which we contemplate working in the field. If you can get someone to make me a rough tracing of that map promptly, I would greatly appreciate it.

We will start off our field work here next Friday.

*Wednesday*

With best regards, I am

Very sincerely yours,

*Charles Lawrence Baker*

C. L. Baker  
Head, Dept. of Geology
