Dear Henry:

Have just learned Curt Leichert will
be visiting us shortly.

I wonder at his rapid rise in the Fuel
Branch, so would appreciate a run down on
him. I have no first hand knowledge of him.

Sorry to learn of Adkin's death but guess
it's in the cards for all of us.

Picking on my last San Nicolas Id. "reference
section" slide.

The end of daylight savings has driven me into
the house so maybe I'll have enough energy to
write.

Hurriedly,

Merle
