Dr. R. A. Reymont
Department of Geology
University of Stockholm
Drottninggatan 116
Stockholm 6, Sweden.

Dear Doctor Reymont:

Thank you very much for sending me a copy of your
"Neubeschreibung Der Redtenbacher'schen Ammonitenoriginalie
Aus Den Gosauschichten". This work has excellent photographic
illustrations and reproductions and its contents are useful
for the understanding of Upper Cretaceous ammonites, even
in Texas.

I hope to be able to meet you at the next international
geological congress.

Sincerely yours,

H. B. Stanzel
