Dr. L. W. Stephenson
U.S. Geological Survey
Washington, D.C.

Dear Dr. Stephenson:

I intend to apply to the National Research Council for a Grant-Aid for geological field work. The work I intend to do is the Claiborne group in Texas - to straighten out the stratigraphy and paleontology of the various formations composing that group. As in the past two years, I would like very much to give your name as a reference and I would appreciate it very much if you would permit me to do so.

With many thanks, I am

Very sincerely yours

H. B. Stenzel
Asst. Prof. of Geology

HBS/ME
