Dear Colleague,

These days I have received your manuscript (A New Danian Brachiopod From Texas) for inclusion in the BEDERKE Festschrift of the Geologische Rundschau. Till today I have not received the manuscripts of all authors, but this an old story in the life of secretaries of books. But I hope, it will be better in this month.

With my best wishes,

Sincerely,

A handwritten signature in black ink, appearing to read 'H. B. Stenzel', written in a cursive style.
