Dear Marvin:

I have a paper on oysters nearly finished. It is "Nomenclatorial synopsis of supraspecific groups of the family Ostreidae (Pelecypoda, Mollusca)," 64 typewritten pages, no illustrations. There are still a few references lacking for this paper, but I hope to get them in a month. Lonsdale agreed today to release this paper for publication in the Journal. You will hear from me as soon as I think it is ready.

Cordially,

H. B. STENZEL  
Secy.-Treas.
