

December 6, 1948

Mr. Frederic A. Bush
Sinclair Oil Corp.
Room 2261
630 Fifth Avenue
New York, N. Y.

Dear Mr. Bush:

Mr. Roy L. Beckelhymer of Houston, Texas, told me that you have fossils and samples collected in Panama by Mr. Beckelhymer. If these fossils and samples are not needed otherwise, I would appreciate it greatly if they could be put at my disposal. They could very well be used by graduate students in their studies of Tertiary stratigraphy and would be a welcome addition to our collections. Such collections are only too rarely found in University centers.

Sincerely yours,

H. B. Stensel
Geologist
