Dr. R. C. Moore, Editor  
Journal of Paleontology  
University of Kansas  
Lawrence, Kansas

Dear Dr. Moore:

Should my manuscript on the Decapod Crustaceans be published in the next number of the Journal of Paleontology, I would be very glad indeed if I could make a different arrangement as to the number of author's reprints. Last summer I received a note from you asking me about the number of author's reprints. I believe now that a larger number than I have indicated will be necessary. You will oblige me very much if you can let me make another decision in this matter.

Yours very truly
