

February 16, 1968

Professor Ernst Cloos
Geology Department
Johns Hopkins University
Baltimore, Maryland 21218

Dear Ernst:

This letter almost did not get written, because I have been very sick lately. However, today is my first good day and a good time to tackle the letter-writing.

I have known you from the day you showed up as a student in Breslau and ever since then our lives have had many parallels, even heart attacks. Last time I saw you, it was in New Orleans, you looked very healthy, even better than a few years back. Your present environment must be good for you, and let's hope you will stay in good health for many years to come.

Ernst, I salute you and my warmest wishes are with you.

Cordially,

Henryk B. Stenzel
Visiting Professor

HBS/los
