GEOLOGY and GEOGRAPHY

Dr H. B. Stenzel  
School of Geology  
Louisiana State University  
Baton Rouge, Louisiana 70803

Dear Dr. Stenzel:

Thank you very much for sending the references to theses on the Hurricane Lentil of the Cook Mountain Formation. These will be useful to us in the future.

I hope that we shall be able to get together some time in the field. I would particularly like to accompany you to some of the type areas in Houston and Leon Counties.

Some time next Spring when our plans are a little more definite, I will write you again for a possible field meeting.

Until that time, thank you very much for your help.

Yours truly,

Robert R. Berg, Head  
Department of Geology  
and Geography
