Dear Bernie:

The enclosed letter and request, addressed to the Secretary, International Commission on Zoological Nomenclature, deserves your scrutiny. If you agree with it, would you be willing to sign it? The book by Sir Richard Hoare is very difficult to find in the U. S. A.; all I have seen is a photograph of the figure on plate 16, which Cox sent me from London.

Can you supply the exact name and address of the Secretary?

Wishing you a good "1963",

Sincerely,

H. B. Stenzel
