

UNITED STATES
DEPARTMENT OF THE INTERIOR
GEOLOGICAL SURVEY

WASHINGTON

December 20, 1934.

Dr. H. B. Stenzel,
Bureau of Economic Geology,
Austin, Texas.

Dear Doctor Stenzel:

I wish to thank you for the Leon County map which was received yesterday.

I am very sorry that I am not going to be in the field this spring or summer.

I, too, had and still have much difficulty with the Cook Mountain-Yegua contact. It is very unfortunate that our best check fauna for the upper Claiborne is so localized.

Sincerely yours,

Julia Gardner
Julia Gardner,
Geologist.
