
Wlezien, Sides Credited with Making Political Science Relevant

Posted on [10 October 2012](#)

[Chris Wlezien](#), who next year will join the department as Hogg Professor, and [John Sides](#), one-time assistant professor in the department and collaborator on the popular blog [The Monkey Cage](#), have been getting lots of play in the press this campaign season. [Here's today's bit from *The Washington Post*](#), arguing that, thanks to the research of scholars such as Wlezien and Sides, political science matters more than ever.
