My Dear Dr. Stenzel,

The two papers you so kindly sent to me at Mr. Maxwell Smith's request, entitled NEW EOCENE BRACHIOPODS FROM THE GULF AND ATLANTIC COASTAL PLANE AND TERTIARY NAUTILCIDS FROM THE GULF COASTAL PLANE and the other one upon the TURRITELLIDAE FROM THE PALEOCENE AND EOCENE OF THE GULF COAST arrived about a week ago. I am sorry not to have acknowledged receipt of them before this, but with all the confusion of the Christmas and New Years holidays, I have not been able to do it before this. I am very interested in fossil molluscs, and I ^{was} pleased beyond words to get these beautiful papers to add to my collection pertaining to this subject. Also, I would like very much to be put on your mailing list for all your future publications on molluscs.

Thanking you again, I am,

Very truly yours,

Richard L. Albany
