5 December - 1950

Dear Dr. Stenzel -

Thank you very much for your very fine paper on Successional Speciation. I had read it with great interest in evolution and so I am especially pleased and proud to have a copy of my own.

I am so glad that you could come to the meetings. That is the nicest part of meetings, the chance to see your friends. Remembers me please most cordially to the family.

Yours very sincerely  
Julia Gardner -
