Dear Henryk:

I am sorry that you cannot attend the GSA meeting in Toronto. In the meantime, I would appreciate it very much if you could give me a statement of percentage completion of your contribution to the Treatise on Pelecypods. It would be helpful if you will venture to guess how much additional time would be needed before you can have the last bit of manuscript in.

With kind regards, I am as ever

Cordially yours,

Norman D. Newell
