Joy In tutoring

May I express my thanks to Bernard Rapoport and Martin Hassner, executive director, Rapoport Foundation, for the "Waco One Thousand" tutoring program.

I volunteered immediately and words cannot express the exhilaration, happiness and joy that I receive each week working with the precious third grade students at Parkdale Elementary. The teacher, Eileen Aulick, is fantastic and enthusiastic; the principal, Mary Edwards, is cooperative and encouraging.

If you want an experience that is very rewarding, join "Waco One Thousand" today.
