Dear Dr. Stenzel:

Thank you for your recent letter concerning the Ostrea cochlear samples. The large haul was at Oregon station 2296.

We had several other samples but they have been loaned to Gordon Gunter. I have not checked recently on what he is doing with them. Since you are in contact with him anyway, perhaps it would be best for you to directly inquire as to the status of this material.

Sincerely yours,

Harvey R. Bullis, Jr.
